

Acknowledgements

Chris Burnett, as the Chair of the Upper Peninsula Chapter of the Michigan Society of American Foresters (SAF), guided the planning process for this conference with much assistance from Jim Ferris, the past chair of the Chapter. Chris Burnett and Dean Wilson spearheaded the program and logistics teams, respectively. Jack Penegor and John Hamel also served on the planning team. John Hamel handled mailings, registration, and finances. Greg Corace provided key contacts in the ornithology community. Scott Hickman did most of the work on the annotated bibliography.

Ingrid Klotz and the resources of the Michigan State University Upper Peninsula Tree Improvement Center were essential in the preparation of this conference. Tom Seablom and a host of other foresters helped with the many duties associated with the mechanics of holding this conference. Financially, the Michigan SAF is grateful for support from the following organizations: Michigan State University Extension, Hiawatha National Forest, Michigan Department of Natural Resources, The Nature Conservancy, University of Wisconsin-Stevens Point, US Fish & Wildlife Service and University of Michigan. These proceedings were assembled and edited by Chris Burnett of the Alger and Marquette County Conservation Districts with help from Bill Cook in cooperation with Michigan State University Extension and the Michigan Agricultural Experiment Station.
